They Lied to You About World War II and the Holocaust

By Mike King

There are Jewish researchers and writers who deny that there was an extermination effort or "gas chambers."

Scholarly Jewish Holohoax debunkers: Left to Right: David Cole, Gerard Menuhin, Professor Roger Dommergue

The internment of Jews and Communists was intended to be a temporary wartime security precaution. Hitler's ultimate plan was to set up a Jewish homeland in Madagascar, after the war.

The Madagascar Plan would have been a humane win-win-win solution for Jews, Arabs & Europeans.

The Detention Camps had lots of fun activities for the internees and children. These included soccer leagues, concerts and shows.

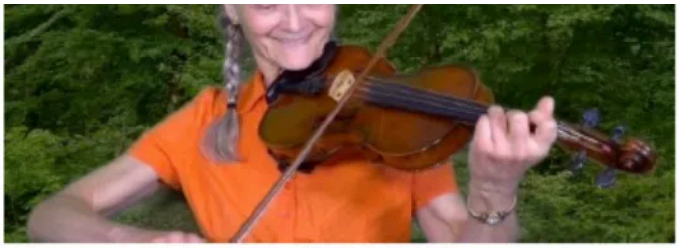
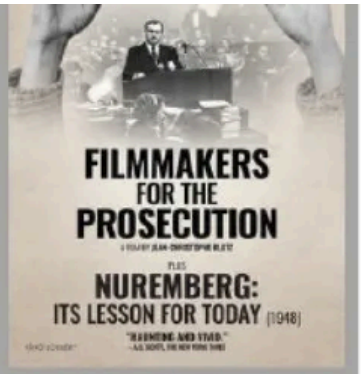
"Deny" the Holocaust, and go to jail!



Ursula Haverbeck & Monika Schaefer -- two of the sweetest and most charming German ladies you'll ever come across – each did time in German prisons for "Holocaust Denial." Monika is actually a Canadian citizen who was nabbed – for having posted a "denialist" You Tube video -- while visiting her brother, Alfred, in Germany. Alfred was also later imprisoned for defending his sister!

First rate scholars and researchers have all served jail time for daring to question the Holohoax. Left to Right: Englishman David Irving (arrested in Austria) // Canadian-German Ernst Zundel – deported to Germany from the USA and arrested there. // Professor Robert Faurisson of France.

The post-World War II Nuremberg Tribunals used fake evidence and false confessions under torture to unjustly condemn the Germans of "war crimes."



The Brothers Sleazeberg of Hollywood were members of the OSS. This clandestine, pre-CIA force of psychological operatives was packed with Marxist Jews and even had an assassin with a "cloak & dagger" as one of its logos. These were the types of deceitful characters -- along with their Soviet counterparts -- tasked with "gathering evidence" (through manufacture and torture) for the Holy Circus at Nuremberg.

That's all you're getting, for now! Intrigued? Mind blown yet?
